AQA – Statistics – GCSE Mathematics Paper_2

1. June/2021/Paper_2H/No.7

    102 boys and 85 girls took a test.

    The table shows information about the mean marks.

	Boys	Girls
Number of students	102	85
Mean mark	68.5	72.4

    The pass mark for the test was 70

    Was the mean mark for **all** of these students greater than the pass mark?

    You **must** show your working.

    [3 marks]
